EDUCATION

B.E CSE(CYS)	Sri Eshwar College of Engineering	CGPA : 8.55	2024-2028
HSC	SSM Higher Secondary School	89.5%	2022-2024
SSLC	SSM Higher Secondary School	83.0%	2021-2022

INTERNSHIP

Cybersecurity Intern (Shadowfox Security): **MAY-2025**

Gained Real time experience in scanning Shadowfox's own websites for vulnerabilities Performed vulnerability assessment, reported findings and contributed to a detailed technical report. Understood real world web security threats and mitigation techniques. Attack on their own company website and reported about the problems in their website.

PROJECTS

INTERNSECURE-(FRESHATHON): **2025**

Internsecure is designed to detect and prevent fake internship and job offers. The platform leverages a rule-based system called RedFlag , which analyzes offers for suspicious patterns, fraudulent keywords, and inconsistencies. It provides users with instant riskassessments and recommendations to verify authenticity.. The system enhances awareness and safety for job seekers, especially studentsand early-career professionals. The project emphasizes user-friendly reporting and integrates educational resources to recognize scams

PORTFOLIO(CREATATHON): **2024**

Designed and developed a personal portfolio website to showcase my project, skills and acheivements in programming and Cybersecurity. The website features a clean, responsive design with animation effect,design and smooth navigation, allow visitors to explore my resume, projects demos and contact information and it is a fully responsive designed for both mobile and desktops, include sections of about me, projects, resume and contact. Build using HTML,CSS and Javascript and it was hosted on github pages.

CERTIFICATIONS

Student SOC fundamentals(Microsoft)	2025
Presecurity Path (TryHackMe)	2025
Cybersecurity 101 Path (TryHackMe)	2025
Problem Solving Python Basics SQLBasics(Hackerrank)	2025
Getting started with Devops (AWS)	2025
Networking Basics IntroductiontoCybersecurity(Cisco)	2024
Programming in C (Coursera)	2024
Python Programming Masterclass(Udemy)	2024
Mastering Data Structures & AlgorithmsusingC&C++(Udemy)	2024

ACTIVE PLATFORMS

Leetcode | Solved 390+ problems using C++ & Java | Contest Rating : 1530 | link
TryHackMe | Top 1% in Rank | Practiced 240+ Rooms | Level:[0xD] Legend | link
Codechef | Solved 150 problems using C and C++ | link
Hackerrank | 4 Star C , 4 Star C++, 4 Star Python, 2 Star Problem Solving | link
Skillrack | Solved 950+ Problems | link
GeeksForGeeks | Solved 75+ Problems | Institute 112th Rank (SECE) | link

ACHIEVEMENTS

First Runner up | Got Second Place in Inter College level CTF Program conducted by WiCYS.
Finalist(Cyberstorm) | Mumbai's Largest CTF at SIES Graduate school of technology(Mumbai).
Fourth Place | LemonCTF conducted by Amrita Vishwa vidyapeetham, got APIsec vouchers.

TECHNICAL SKILLS

Programming | Proficient in JavaScript, Python, C++, C,Java, HTML, CSS .
Tools & Technology | Git, GitHub, Visual Studio Code, Canva and Linux(OS).
Software Development | Oriented Programming (OOP) and Data Structures and Algorithms(DSA).
Cybersecurity Tools | Nmap,Burpsuite,Metasploit,gobuster,exploitdB,HiddenEye,John,Exiftool,Binwalk.
